

ECONOMICS MINOR POLICY

Minor in Economics is designed to help you gain basic understanding of economic processes and strengthen your marketability. Following introductory courses in Microeconomics and Macroeconomics Economics minor students shall take either Intermediate Macroeconomics or Intermediate Microeconomics and two additional courses offered by Economics Department.

It is recommended that students pursuing Economics minor take Intro to Micro and Macroeconomics courses in their first year of study since these courses are per-requisites for the majority of Economics courses and apply for a minor in Economics no later than before completion of the second year of study. Application forms are available in the Economics office, and completed applications must be delivered to the Registrar. Students must obtain the approval of the Chair of their major program, and the Chair of Economics Department.
