

## ENVIRONMENTAL SUSTAINABILITY AND CLIMATE SCIENCE MINOR POLICY

The minor in Environmental Sustainability and Climate Science (ESCS) is specifically designed for AUCA students that are not majoring in ESCS and who are willing to gain more knowledge about this relatively new field of specialty. Students will be able to take various courses within the ambits of an innovative four-year degree program that introduces students to the increasingly important and fascinating field of ESCS by employing a multi- disciplinary approach. Students shall complete a total of 42 credits for the minor in ESCS, which includes five core courses and four elective courses.

### Minor requirements for Environmental Sustainability and Climate Science

1. Two courses of the basic level (100) for 12credits
2. Three courses of 2-level (200) for 18 credits
3. Two courses of the 3-level (300) for 12 credits

**Total: 42 credits**

Course Name	Course abbrev.	Course ID	Credits	Prerequisites	Comments
<b>Minor Requirements: Total: 42 credits</b>					
<b>Required Courses for Minor Total – 30 credits</b>					
Environmental Chemistry	ENV-110	3463	6		
Introduction to Environmental Management and Sustainable Development	ENV/NTR-100	3259	6		
Green Spaces in Urban Development	ENV-210	4591	6		
Climate Change and Sustainable Development Goals	ENV-216	5101	6		
Water Resource System Planning and Management	ENV-304	3844	6		
<b>Elective Courses for Minor</b>					
<b>At least two ESCS courses at 200 or 300 level</b>			<b>Total – 12 credits</b>		
			6
