ENVIRONMENTAL SUSTAINABILITY AND CLIMATE SCIENCE

TRANSFER POLICY

Students are eligible to apply for an interfaculty transfer after successfully completing their first year of study.

To transfer within the AUCA, the student must meet the admission requirements of the chosen academic program.

Approval must be obtained from the heads of both the current and receiving departments.

The requirements for students to transfer to the Environmental Sustainability and Climate Science (ESCS) Department are the following:

1. Cumulative GPA of at least 2.7

2. Passed AUCA Admissions Exams

3. Successful completion of either “Environmental Chemistry” or “Introduction to Environmental Management and Sustainable Development” with a grade of B+ or higher.
