\* Student can take course from the list provided by Registrar's Office (such as literature, history, arts, humanities, major courses)

\*\* Students from ECO, EMSD (in LAS) and SFW should not take General Education Quantitative Reasoning (Mathematics) courses. They fulfill their requirements in this area as part of their program requirements.

The General Education Department will offer the following courses that fulfill the General Education Requirements in this area:

- a) Introduction to Contemporary Mathematics I
  - b) Math for Life I
  - c) Introduction to Probability and Statistics
  - d) Introduction to Computer Programming
1. First year students in ANTH, ES, IBL, ICP, JMC, LAS, PSY and SOC departments who hope to transfer to BA, ECO, Applied Math, or SFW should enroll in Introduction to Contemporary Mathematics I; in order to be eligible to transfer, they must receive a final grade of B+ or higher. Starting with the second semester of the 2015-16 year, this course will be open only to freshmen. For students who take this course and transfer successfully, this is the only required Gen Ed mathematics course. If not (and assuming they pass Introduction to Contemporary Mathematics I), they need to take one of the other courses listed above to fulfill their requirements at some point during their academic career.
  2. Students from PSY and SOC departments should take Introduction to Probability and Statistics during their freshman or sophomore year. In their junior year they will take a more advanced quantitative methods course that covers their second quantitative reasoning requirement.
  3. Students from ANTH, ES, ICP, JMC, and LAS who do not intend to transfer to BA, ECO, Applied Math, or SFW should take two of the following three courses to fulfill their general education requirements in Mathematics over the course of their four years at AUCA: a) Math for Life I; b) Introduction to Probability and Statistics; c) Introduction to Computer Programming.
